

Press Release: New Town Hall Hours

In an effort to better serve Goffstown residents, the Board of Selectmen has authorized the establishment of new and expanded office hours for Town Hall. The new hours will be 8:00 am to 4:00 pm, Monday through Friday, effective Monday, September 10, 2007. These new hours benefit the public in several ways:

1. Office hours expand from 37 hours to 40 hours each week.
2. Offices will open a half hour earlier every weekday, opening at 8:00 AM.
3. Offices will be open all day Wednesday rather than closing at noon.

As an added benefit to residents who wish to conduct business after hours, the town website (www.goffstown.com) continues to expand on-line services. Residents can renew existing automobile registrations on-line as well as by mail. Various forms such as dog license applications, requests for birth, marriage, or death certificates, and absentee ballots, can be downloaded, completed and mailed in. The website also provides information and contacts for all the town departments and committees. The Board of Selectmen's goal is to provide town services to the residents of Goffstown more efficiently and conveniently. The change in Town Hall office hours is one step towards achieving this goal. The Board of Selectmen would appreciate your feedback on this schedule change.
