NEWS RELEASE

IMMEDIATE

GOFFSTOWN – The Goffstown Board of Selectman have scheduled the Halloween Trick-or-Treating for Wednesday, October 31, 2007 from 6:00 PM until 8:00 PM.

Again this year, the children will be out trick-or-treating after dark. Members of the Goffstown Police Department will be out during this time frame and will be passing out treats around the town to include glow sticks to ensure another safe and successful trick-or-treat for everyone.

The Police Department offers the following safety tips for parents and children to remember while making Halloween plans:

- Trick-or-Treat in your own neighborhood and visit only homes that you know
- Wear light colored clothing and add reflective tape to both costumes and bags being carried
- Carry a flashlight or glow stick to “see and be seen”
- Adults should always accompany younger children
- Make sure masks do not inhibit field of vision
- Inspect all candy before allowing children to eat it
- Watch out for traffic! Assume vehicles cannot see you

The Goffstown Police Department reminds everyone to drive with consideration and to have a safe Halloween.

Questions should be directed to:
